READ PRIOR TO RENEWING - 2015-2016

Even-numbered licenses must be renewed by December 31, 2014 for two years (2015-2016).

Certificate(s) of Attendance showing that 24 Board approved CE credits were obtained during calendar year 2013 and/or 2014 must be submitted. At this point in time, credits may be earned all at once, or broken up throughout the two-year period, with the exception of special circumstance (please call if applicable to you).

Credits used in 2013 to satisfy a CE extension from a prior renewal year may not be used again to satisfy current CE requirements.

The 2015-2016 renewal form may be printed from the Board website, www.nh.gov/veterinary. The renewal must be postmarked by December 31, 2014, or the form will be returned and a \$50 late fee assessed. You will be considered unlicensed until the renewal process is completed and all fees paid.

After January 1, 2015 and when all renewals received have been processed, the names of the veterinarians who have not renewed or made arrangements for an extension will be sent to the DEA, Federal Veterinarian and NH Board of Pharmacy.

To find your license number, access the Board website, www.nh.gov/veterinary, and check the **List of Currently Licensed Veterinarians**.

Board office hours: Monday –Wednesday, 8:00 – 4:00; Thursday, 8:00 – 3:00, but will vary pursuant to Board scheduling requirements and demands. E-mail: kim.lavoie@agr.nh.gov. Telephone: (603) 271-3706

Renewal notification via postcard: A renewal reminder postcard will be mailed to each licensee prior to their expiration date. Unfortunately, some cards may not reach the intended recipients for various reasons. Renewal postcards are a courtesy reminder provided by this office, but it is ultimately the responsibility of each veterinarian to know the expiration date of their own license. **Non-receipt of a reminder card is not an excuse for non-renewal or for renewal extension.**

Continuing education: Alternative medicine CE programs must be Registry of Approved Continuing Education (RACE) or Registry of Alternative and Integrative Veterinary Medical Education (RAIVE) approved and may only account for 25% of the total required CE credits for license renewal. Please note that registration forms for CE programs will not be accepted in place of Certificates of Attendance from Board approved CE programs. Scientific/medical/surgical programs that are certified by RACE are accepted for CE credits. **Practice management or exhibit hall programs are not accepted.** Online programs such as VIN or compendium/journal may only account for 25% of the total required CE credits. Programs must be pre-approved by the Board. If there is a question whether it is Board approved, contact the program provider or this office. CE credits are not required of 2014 graduates for the current renewal period.

CE Extension: An extension of time to obtain CE credits must be requested prior to December 31, 2014. Send a written request with explanation of circumstances preventing you from obtaining the CE credits along with renewal form and a check for \$350 (includes \$50 late fee). Confirmation of obtaining CE credits (Certificates of Attendance) must be submitted via mail by March 31, 2015.

Delays in renewals: It is highly recommended that renewing veterinarians order necessary veterinary supplies or pharmaceuticals prior to December 31, 2014 to avoid issues with supply companies and vendors in early 2015.

Due to part-time staffing and limited office hours, delays in license renewal processing should be expected well into the new year.

Submitting non-approved CE credits or insufficient credits will also cause delays and may result in possible late fees. It is the licensee's responsibility to be aware of CE expectations and rules. Please call or email if there is any confusion as it is your responsibility.

Failing to properly **complete the renewal application and answer all questions** posed completely will also result in delays.

Failing to **include full payment** will result in delays.

Failing to **sign the renewal application** will result in delays.

Please provide email addresses as this is the quickest method to resolve potential delays for this office.

License Confirmation: To confirm a license renewal or print a page confirming your licensure, go to the **License Lookup** section on the Board website. Insert Veterinary Medicine as the profession and your last name only, then Search. When your name comes up, click on it and a printable page showing your status will appear.

E-mail address: E-mail is the quickest and easiest method for this office to correspond with licensees. Please provide your e-mail address, check your e-mails regularly and be sure to update us with any change.

Address change: The NH Code of Administrative Rules, Vet 404.01, requires that this office be notified of any change of address or place of employment within 30 days of the change. **Please do not wait until the renewal time to update your address.**

License verification: The charge for any license verification from this office is \$20, payable to NH Board of Veterinary Medicine. Please include the fee with your request for license verification.

Reprimand/Discipline: Disciplinary action taken against you in another state/jurisdiction **must be reported to this Board within fifteen (15) days of the action.** This office must receive a copy of the Final Order/Settlement Agreement from the disciplinary state (at your request) within 30 days of signing for the Board's review. Failure to do this may result in potential disciplinary action and/or revocation of your NH veterinary license.
